U.S. Army Materiel Command

Deputy G-3 for Enterprise Integration (AMCOPS-E) Orientation for MG Stevenson, AMC G-3 16 Sep 03

Ron Lewis
Acting DG-3 EI
HQ AMC

ESSENTIAL IN PEACE, INDISPENSABLE IN W

Introduction

- **Purpose:** **Provide the G-3 an overview of AMCOPS-E organizational structure, roles, missions, and key tasks**
- **Topics:**
  - **Background**
  - **Mission Statement**
  - **Organizational Overview**
  - **EI Divisions at a Glance**
    - ✓ **Significant Responsibilities**
    - ✓ **Recent Accomplishments**
    - ✓ **Current Priorities**
    - ✓ **Upcoming Events**
  - **Mission Views**
  - **Summary**

Background

98 - 00

- **AMC office – National Level focus**
  - **6 to 10 people**
  - **Worked directly for Mr. Scheuble**

• Newest G-3 Directorate
• Still evolving

Jun 00

- **VCSA Memo assigned proponency to CG, AMC**

00 - 02

- **Incorporated GCSS Army into focus – instituted GAITs**
- **Logistics System Integration Div approx 20 people led by COL**
- **ASARC decision to change GCSS Army strategy to ERP solution**

Jul 02

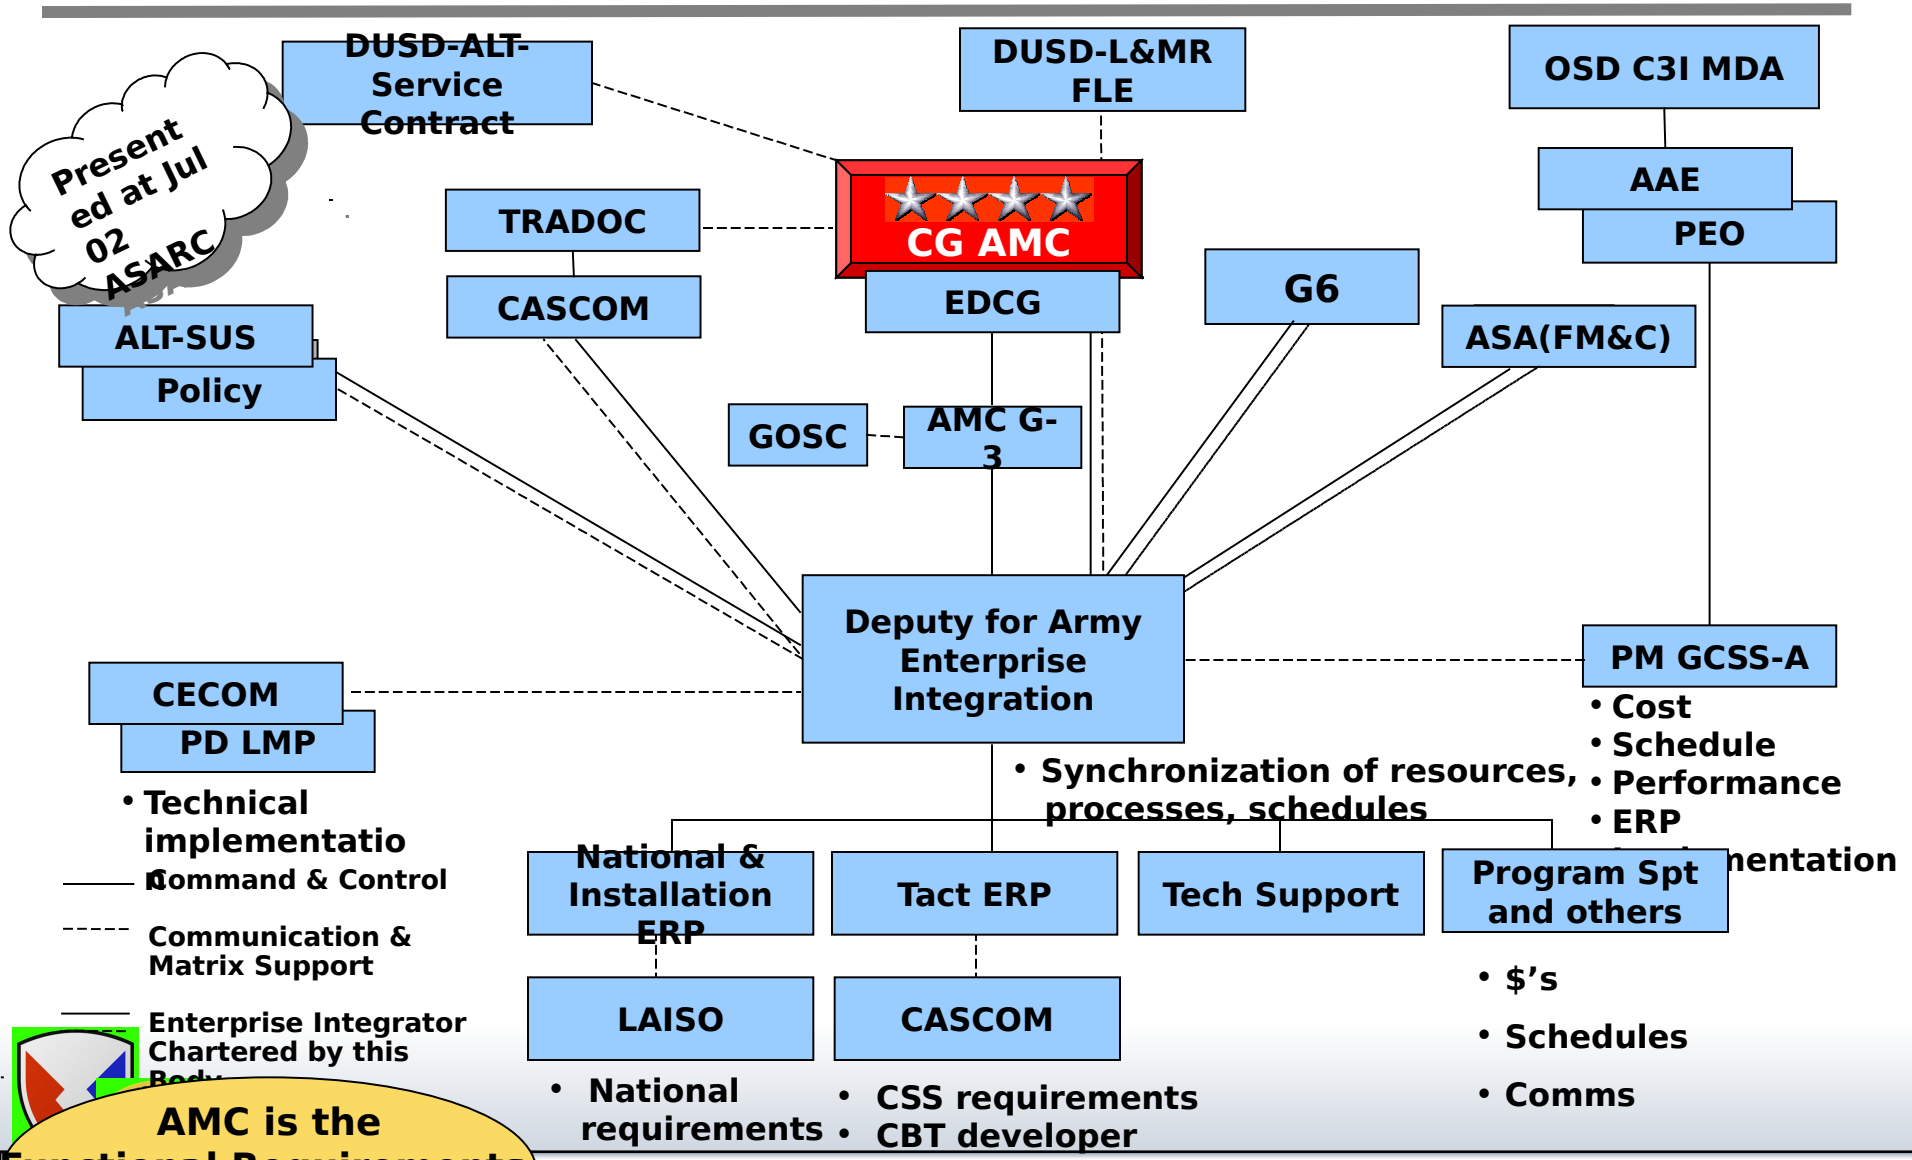
- **Ms. Baker reassigned – Still only approximately 20 people**
  - **Started conceptual work and drafting "White Paper"**

Jan 03

- **Absorbed SSF office & mission – went to 67 people**

Today: Changing to a more robust capability, structured around mission requirements

The Army Enterprise Structure



Deputy G-3 for Enterprise Integration

Mission Statement

- **Work in a collaborative, matrix environment with HQDA G-4, CASCOM, PEO, Enterprise Information Systems, and other Program Managers to integrate and modernize the Army logistics automation environment.**
- **Designated as the Deputy for Army Logistics Enterprise Integration (DALEI).**
- **Serves as the key senior level advisor to the Commanding General, AMC for the entire enterprise integration of all Army echelons of logistics automation and Business Process Reengineering to include financial interface, acquisition, migration of legacy systems functionality and reengineering of that functionality, and technical and product data.**

-AMC Regulation 10-2 Jul 03

AMC Deputy G-3 for EI

Today's organization

Office of the Deputy G3 (EI)

Government	Contractor
•Mr. Lewis (Acting) •COL Langenwalter •Minnie Kulynych •Rhonda Jones •Trina Parker	•Judy Frago

External SSF Support Personnel
- •Implementation Teams
- •Conversion Teams
- •Middleware Sustainment Team

Plans & Programs Division

Government	Contractor
•GS15 (Vacant)	•Scott Larrabee •Sylvette Tillman •Jennifer Gearhart •Kim Topping •Harold Hagans •Gina Simpson* •Sean Callahan* •Mike Mannion*

Enterprise Integration & Synchronization Division

Government	Contractor
•Jim Folk	•Ed Shimko •Joe Saffron •Ken Aldridge •Jim Tompkins •Mike Lamb •April Gilmore

Single Stock Fund Legacy Team

Government	Contractor
•Doug Hone	•Steve Borovicka •Alex Milosavljevic •Bill Piper •Tom Mortimer •Dennis Webb •Margaret Keller •Lou McPherson •Dave Hinten

Joint Integration Division

Government	Contractor
•Hillard Haynes	•Bill Hanna •Gary Evans •Anita White** •Grant Peckham

CASCOM

Operational Architecture Integration Division

Government
•Paulette Myers

LAISO

Systems Architecture Integration Division

Government	Contractor
•Don Hartzell •Suzanne Poorker •Tammy Tuck •Charlotte Barial	•Carlos Cosme •Carmine Largo

AMC G-6 Liaison
Dick Landin

National/ Installation Team

Government	Contractor
•Al Comaduran •Coleen Wiebner •Joan Akins	•Danny Marr •Jay Briggs •Terry Clark •Dave Wilder

Financial Integration Team

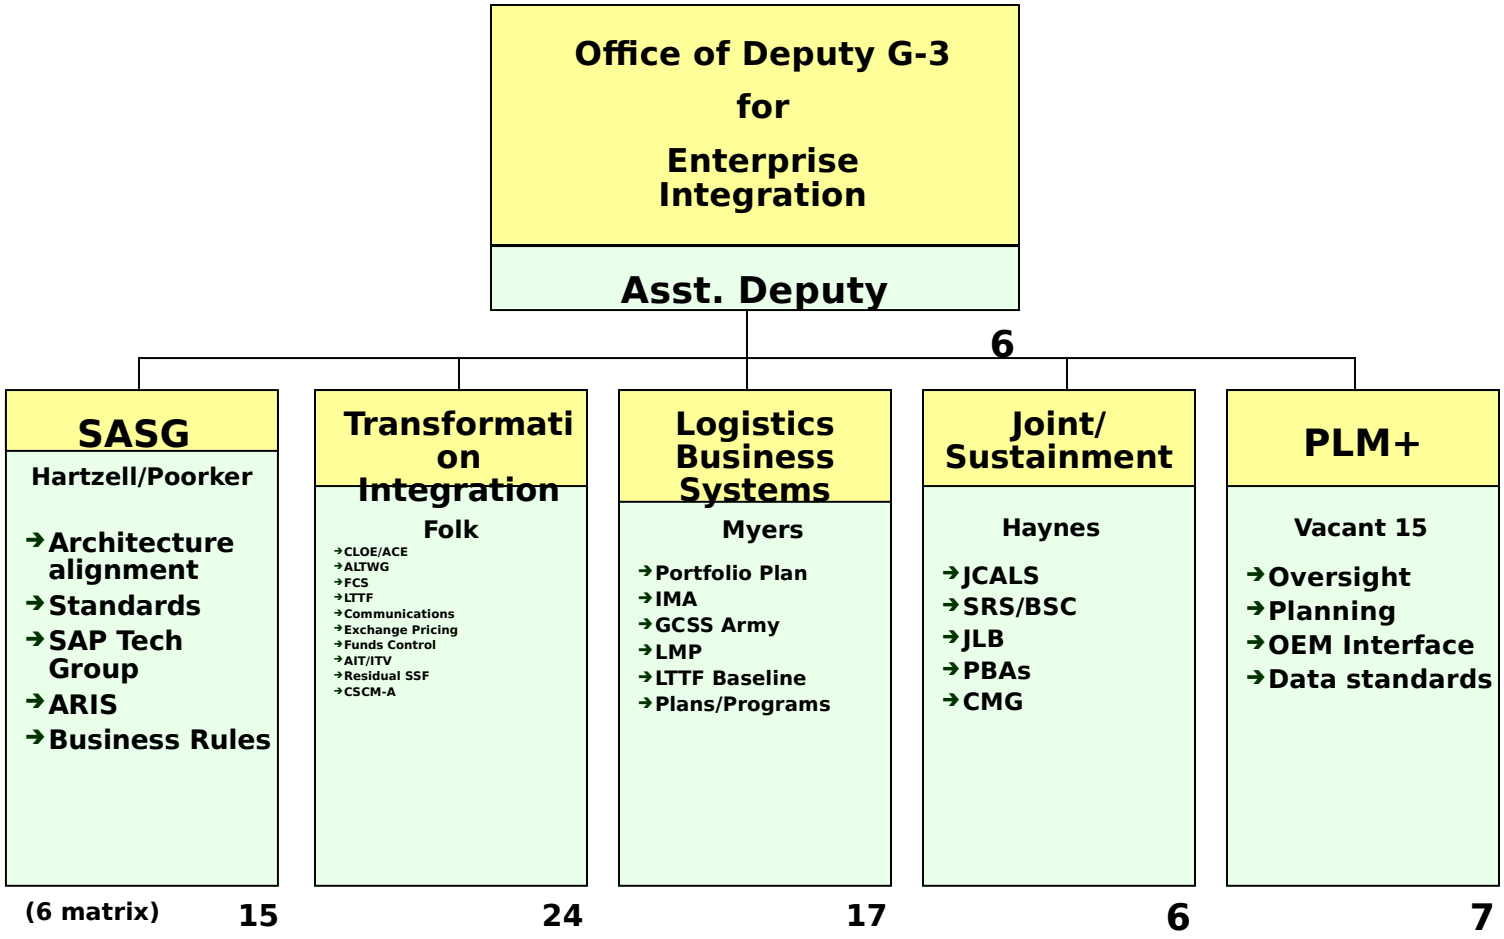
Contractor
•Lew Johnson •Lou Schiano •Steve Dare •Ike Brown

Tactical Team

Government	Contractor
•Gary Blevins •Billy Smith	•Keith Fukumitsu •Todd Sipe •Carlos Morrison •Rick Hudson

* = Part time
** = Extended absence

Future Organization



Staffing	Current	Proposed	Change
Government	20	36	+16
Contractor	47	39	-8
Total	67	75	+8

Continue direct interface/clos
working relationship
with LAISO and CASCOM

AMCOPS-E Staff
Co

Key Government Staff

- **Ron Lewis – Acting Deputy G3 (EI) GS 15**
- **COL Langenwalter, Assistant Deputy G3 (EI) MIL**
- **Jim Folk – Chief, Enterprise Integration & Synchronization Div GS 15**
- **Paulette Myers - Chief, Operational Architecture Integration Div GS 15**
- **Don Hartzell - ion Division GS 15**
- **Suz – Systems Architecture Int 15**
- **Div**

Support Contractors

Battelle: Technical Integration Support, Architecture Development, Change Management, Business Process Reengineering

KEI-Pearson: Project Planning, Subject Matter Functional Support, Transformation

EII: SASG, DoD Framework Compliance, SALE Study

AT&T: Systems Integration, Software Development & Enterprise Planning

Front Office

Significant Responsibilities

- **Program Goals/Direction**
- **Task Prioritization**
- **Resource Management/COR**
- **Horizontal Integration**
- **Schedule Synchronization**

Team Members

- **Mr. Lewis – Acting Deputy G3 (EI)**
- **COL Langenwalter – Assistant Deputy G3 (EI)**
- **Ms. Frago (KEI-Pearson) - XO**
- **Ms. Jones - Admin Ass't**
- **Ms. Kulynych – Admin Ass't**
- **Ms. Parker – Resource Mgnt**

Plans & Programs Division

Mr. Scott Larrabee, Battelle

Significant Responsibilities

- Major Event Planning & Execution
- Program Support/Integration
- Website Operations & Updating
- Communications & Training
- Short & Long Range Planning
- Critical Path & Master Schedule
- Review & Analysis efforts
- Enterprise Integration VTC coordination

Recent Accomplishments

- Developed ESC Strategic EI Briefings
- Orchestrated the 16 Jul 03 ESC
- Developed and submitted DALEI package for the Association for Enterprise Integration Excellence in Enterprise Integration Award
- Assessed Enterprise Integration training requirements
- Developed, coordinated &

Current Priorities

- Convene two-star Advisory Board (Oct 03)
- Coordinate next ESC (Nov 03)
- Conduct/obtain EI training
- Develop ALEI Statement of Need
- Coordinate digitization & relocation effort

Upcoming Events

- MG (P) Christianson orientation briefing, 22 Sep
- Two–star Advisory Board, Oct 03
- Mini-Operational Board of Directors Meeting, Nov 03
- Fort Belvoir relocation, Nov 03
- ESC, Nov 03 (Tentative)

terprise Integration & Synchronization Divisio

Mr. Jim Folk

Significant Responsibilities

- PLM+ Program Initiation
- Enterprise Strategic Planning
- HQDA G-4 Logistics Transformation Product Management
- AMC Internal TCP Coordination
- Army Transformation (FCS/Objective Force)
- Software Blocking – Logistics Enterprise
- SSF Oversight
- GCSS-Army Oversight Coordination
- BEA-LOG Synchronization

Recent Accomplishments

- Gained approval & distributed White Paper
- July ESC- (include briefing of EI Campaign Plan)
- Coordinated Logistics Info System Product IPT and draft POM Input (includes approved Campaign Plan)
- Provided Software Blocking Focus to PLM+ ICW
- HQDA G-8
- Supported SSF- Transition Workgroup
- Supported SSF MS 3 Final Implementation

Current Priorities

- Stand up PLM+
- Logistics Transformation Product (POM Input)
- GCSS-Army Functional Synchronization WIPT Charter
- BEA-LOG (Internal) AMC IPT Establishment
- AMC – PEO AVN- PEO EIS MOA
- SSF Closeout
- Organizational Information Flow

Upcoming Events

- CLOF GOSC, Sep 03
- LTWG – LTEC Review of POM Submission, 8 Oct 03
- Software Blocking GOSC, Nov 03

Joint Integration Division

Mr. Hillard Haynes

Significant Responsibilities

- Joint Systems Integration/Interoperability
- Future Logistics Enterprise
- JCALS
- Best Business Practices (BBP)
- Change Management Group (CMG)
- Joint Logistics Board (JLB)
- Balanced Score Card/Strategic Readiness

Recent Accomplishments

- Briefed Avn Logistics Transformation WG on the Single Army Logistics Enterprise (SALE) Study
- Led Re-validation of LMP BSC Metrics w/AMC SMEs at request of PD, LMP
- Coordinated FLE Cost Savings/Avoidance per OSD request from all Services
- Coordinated CASCOM QM-DCD action with AMCOPS-E & Joint Staff to automate the Defense Logistics Management System
- Best Business Practices (BBP), 7 Oct 03

Current Priorities

- Balanced Score Card Metrics (AMC, LMP, OSD)
- Future Logistics Enterprise
- JCALS Funding & Integration into the Enterprise
- CMG (Data Management) Issue

Upcoming Events

- CMG, 25 Sep 03
- Casualty Information Process (BBP), 7 Oct 03
- BBP, 23 Oct 03
- BBP, 4 Nov 03
- CMG, 20 Nov 03
- Joint Logistics Board, 19 Nov 03

Operational Architecture Integration Division

Ms. Paulette Myers

Significant Responsibilities

- LMP Program Oversight
- IT Portfolio Management
- Exchange Pricing/Fund Control Oversight
- Sustaining PEG Support
- Industrial Base Modernization
- National Guard LMP Task Order
- Performance Based Agreements
- Program Implementation Group
- LTTF Initiatives
- Business Area Process Group Oversight

Recent Accomplishments

- Supported LMP Pilot fielding
- Completed EI Business Case for resources
- Gained approval & funded for Exchange Pricing implementation plan
- Completed FC implementation plan
- Developed and kicked off Portfolio Mgt Plan
- Completed MAC issue resolution & EP/ LMP Alpha contracting session

Current Priorities

- LMP implementation
- GCSS-A SME identification
- EP/Fund Control implementation
- Industrial Base Modernization Reqs
- Stand-up Enterprise Business Area Process Group

Upcoming Events

- IT Portfolio Investment Workshop, 17-18 Sep
- TRANSCOM Portfolio Mgmt visit, 19 Sep
- Navy Portfolio Management visit, 24 Sep
- USAREUR Enterprise Workshop, 29-30 Sep
- EP/FC IT IPR, 16 Oct
- CFO Strategic Plan Quarterly IPR, 20 Oct

Systems Architecture Integration Division

Mr. Don Hartzell / Ms. Suzanne Poorker

Significant Responsibilities

- HQ AMC LMP change agent
- AIT/RFID integration
- Logistics Common Operating Picture
- BEA-LOG compliance process
- Army Architecture Integration Council
- SASG
- Logistics Data Strategy Working Group
- Digital Dash
- CTASC/MW sustainment
- Systems testing
- Information security

Recent Accomplishments

- Achieved approx 75% compliance of Single Army Log Enterprise Architecture with OSD
- Assisted in fielding LMP pilot
- Developed workable CONUS CTASC/SSF MW COOP capability
- Submitted AMC AIT funding requirements for POM 05-09

Current Priorities

- Stand up SASG
- Gain OSD concurrence with Single Army Logistics Enterprise Architecture
- Explore potential usages/need for Digital Dash capabilities
- Develop strategy to implement Integrated AIT/RFID Plan

Upcoming Events

- Gain green status for Single Army Logistics Enterprise Architecture, Sep 03
- Study US Navy experience with SASG (working)

Mission View -Different Perspectives of EI

Role definition challenge

Army	Executive Assistant to CG	CG's XO/SGS
EI Must:		
Pull the whole logistics enterprise together	**Successfully implement LMP**	**Focus on internal AMC-related automation actions**
Examples:		
• ERP solutions • PLM+, IMA • Legacy	• LMP OBOD • More National level focus	• Legacy connectivity • Relocation

Our Focus:

-The Army logistics integration effort – Integrated business processes
-Prioritization of Army requirements and automation initiatives

-Key Programmatic/Management Activities- Next 90 Days

- MG (P) Christianson orientation, 22 Sep
- CLOE GOSC, 29 Sep
- USAREUR Enterprise Workshop, 29-30 Sep
- Two-star Advisory Board, 27-28 Oct
- Mini Operational Board of Directors, 3-4 Nov 03 (T)
- Joint Logistics Board, 19 Nov
- LTWG – LTEC Review of POM submission, Nov 03
- Software Blocking GOSC, Nov 03
- Executive Steering Committee, Nov 03 (T)

Summary

- **Transitioning to Logistics Enterprise Integration (LEI)**
  - **Major change management process**
  - **Changing our existing governance structures**
    - **Integrating Tactical and National level forums**
    - **Changing to Integrated Logistics Process Team Organizations**
- **Focus on establishing processes and procedures for transitioning to Logistics Enterprise**
  - **Integration Process**
  - **SASG**
  - **PLM+**
  - **Process Owners SME Requirements**
  - **Portfolio Mgt**
  - **EI Business Case**
- **Areas needing help:**
  - **Funding for Enterprise Integration UFRs**
  - **Obtaining sufficient Government resources**
  - **Serving as a buffer to divert/deflect non-enterprise integration tasks**

Changing Structures

Pre-LEI

SSF ESCs, GOWGs, GAITs, OBODs, CBODs, GCSS Army COCs/GOWGs

Transitioning to

LEI

Enterprise Integration ESCs, EI Advisory Boards, SASG, Process Owners
